## Bathers' Suits To Be Regulated

What the well-dressed lady shall wear at the beach this summer is a problem that is troubling the Hermosa Beach Chamber of Commerce. An ordinance regulating resort styles is under deep consideration. "The practice of rolling the suit down to the waist line may be healthful, but along with other similar mores and lack of modesty at the beach, it is regarded with a doubtful eye by the moral squad. Bathers' are waiting with interest to know what action will result.

## Scouts To Hear About Astronomy

Troop 3, Boy Scouts, will have as speaker at their meeting Friday night at Scout hall, Alden Waite, editor and publisher of the Westwood Village News. Mr. Waite was formerly a teacher of astronomy at Pomona college and will talk to the boys about elementary astronomy. He is a former schoolmate of Scoutmaster Robert Lewellen.

This troop has reached almost full strength in membership but Mr. Lewellen says that he has a place for one more boy, which will bring the membership to 32. Any lad who is not already a member of a troop may apply to the scoutmaster for information.

## Three Persons Badly Hurt at Lomita Friday

Two Women Taken to the Hospital After Terrific Intersection Crash

LOMITA.—J. Bass, 550 W. Sixth street, and Allen Flynn, 231 So. Grand avenue, San Pedro, were involved in an accident at the intersection of Eshelman avenue and Lomita boulevard, Friday, January 29, in which three persons were injured. Flynn, age 21, said to be a longshoreman employed by the Los Angeles Steamship Company, received a deep gash on the side of his head with a possible eye injury, and a gash under his chin.

co-operating in the project. The forestry department is in charge of the tree planting. The surveyor's department ran the lines according to the requirements of the recreational department. The entire project is to be carried out in accordance with the plans of the County Regional Planning Commission.

### Important Site

The result is that as the work progresses unit by unit it will be along a thoroughly organized and scientific program designed to afford maximum benefits in all branches for which the park is intended. As a place of eye-filling beauty it is planned to make it a new pacemaker.

The site has a community-wide importance. It is located on main arteries to the county's south

beastly region. Thousands seeking an intermediate picnic place on their way to and from the southern beaches will find it at most convenient spot. It also will be importantly supplemental to coastal recreation space.

Adjoining Torrance as it does the development of this park is highly important to the residents of this city. Playgrounds and park facilities which are lacking in the municipality will eventually be provided in this tract. Recreational features on a large scale will in a few more years be at the disposal of Torrance citizens at a distance of only a couple of miles.

Prior to the county's acquisition of the tract it was considered for various purposes. The county, however, sees it only as an ideal site for a park that will take its place among the outstanding scenic and recreational attractions of the southland.

A tentative arrangement provides for a main entrance on Cypress avenue. Set back from this entrance but fronting it is the site for an athletic administration building. Suitably grouped with reference to this structure, are the places for other park structures, a swimming pool and bathhouse.

Sweeping away from the easterly side is planned a mall 1600 feet long and 300 feet wide.

Beautiful Lake

At the west corners and at the east side it is proposed to have neighborhood play areas for the convenience of the children living in that locality.

For those who like to play tennis, there will be a score or so of tennis courts.

An eighteen-hole golf course made sporty with water hazards and other challenges to golfing skill will be a feature.

Set like a crystal gem, an eight-acre lake will sparkle amid sylvan beauty. A low-lying area can be readily adapted to the making of this lake.

## Weather Halts Glider Meet

Jay Buxton Sets Records for Altitude and Duration of Flight

Due to inclement weather last Sunday the third preinternational glider meet was postponed to Sunday, February 7. The meet will be held at Hollywood Riviera Field at Torrance, Thursday, January 28, the field record of 3 hours, 32 minutes, set by Ted Jenks was broken by Jay Buxton, who set a record of 5 hours, 15 minutes, taking off at 2 p. m. and landing at 7:15 p. m., flying over Palos Verdes. At one time while aloft Buxton's altimeter registered 2750 feet.

## Ask County Aid For Local Clinic

The regular monthly clinic of the Mothers' Educational Center will be held as usual tomorrow afternoon at the Woman's clubhouse.

When the Torrance Chamber of Commerce reduced its budget last week to bring expenditures within the five-cent tax limit, among the items eliminated was a \$15 per month contribution to cover the cost of Dr. Maud Wild's monthly visits at the mothers' clinic. However, at the request of Mrs. Caroline Collins, Mrs. Dorey Quigley and Mrs. W. J. Locke, chamber directors this week agreed to pay the expenses of the clinic for February. It is expected that before March, other arrangements can be made for financing this work.

Chamber directors pointed out that in most communities the expenses of mothers' educational centers are borne by the health department of the county, and efforts will be made to have the county take over the Torrance clinic, beginning with the March meeting.

### LEAVING TORRANCE

Mr. and Mrs. R. C. McMullen are leaving Torrance to return to Pomona, their former home, where Mr. McMullen will be employed. Mr. McMullen was, until a short time ago, in charge of a meat market in the Plegly Wigley store.

"The end has come," says Dugle Cy. "A feller that the tenderfoot sent to town fer, tried to pull one over on me 'n I showed him somethin'—can't remember that name o' his. Chiropractor was his callin'." He wanted to cure my rheumatiz. Said it wouldn't take much maulin'. He thought he'd practice up on me where they couldn't hear me holler. Said it 'ud soften up my hide as tough as a hosses collar.

He laid me down upon a board and then he started breakin', all the bones I ever had 'n put them all to achin'. I had anuff o' his city stuff. I jumped from there a spurrit. I had him scared now sure anuff—'n boys, he stopped his purrin'. I hooked him 'n I flopped my chaps 'n spurred him like a rooster. Guess I'd a killed him sure as heck, but I can't fight like I used. I hated to do it, but I couldn't let him think that I wuz yeller. He bellered 'n I guess 'es runnin' yet—that dag-goned city feller."

## Covered Wagon Comes To City Friday P. M.

The Covered Wagon, touring the West in commemoration of one hundred years of missionary service among the Indians carried on by the Baptist church, will visit Torrance Friday afternoon. Dr. Petolet, who is in charge of the exhibit, will speak at the Redondo Baptist church Friday evening at 7:30. He has lived for years among the Crow Indians and has a fascinating story to relate of his experiences among the tribes.
